

*Sensor Lab with Capacitive Displacement Sensor,
Temperature Module, Piezo-electric Sensor,
Strain Sensor, Load Sensor*

Note Shown image is just for illustration original may differ

Features

- Graphical touch 7" LCD with inbuilt processor for viewing the output waveform, reading the operating manual, tutorial etc.
- PC interface Inbuilt DAQ (4 channel 10bit ADC, one DAC,
- 4 digital input and 4 digital output)
- Standalone Inverting Amplifier Non – Inverting Amplifier Power Amplifier HDMI Output
