About Us.

Introduction

With a legacy of over 18 years, JMD has emerged as a prominent manufacturer, importer, and marketer of world-class educational products, setting benchmarks in quality and reliability.

Operating under the MSME category, we are committed to delivering innovative solutions that empower institutions and enhance practical learning experiences. JMD has built a strong reputation as a trusted partner, known for providing reliable products and dependable service to its customers.

Our products are manufactured in an ISO 9001-certified facility, ensuring strict adherence to global quality standards and best industry practices. We offer a robust and diverse portfolio of high-end educational equipment and raw materials designed to meet evolving industry and academic requirements. Our product portfolio includes Electrical, Electronic, Mechatronics, IOT (Smart Healthcare), Drone Technician, Welding Lab, Semiconductor Lab, Smart Energy Lab, and Power Tools equipment.

As an organization certified with CE, ISO, MSME, and NSIC, we ensure superior quality, durability, and performance across all our offerings. Our solutions are thoughtfully designed to support students, educators, and facility administrators in achieving excellence in technical education.

Mission & Vision.

MISSION

Our mission is to provide high-quality products, dependable services, and industry-oriented solutions through professional expertise, modern technology, and customer-centric approaches. We are committed to ensuring timely project execution, technical excellence, long-term client relationships, and continuous improvement while contributing towards the development of smart learning and industrial environments for a better future.

VISION

To become a leading and trusted organization in delivering innovative industrial, technical, and educational infrastructure solutions that empower institutions, industries, and future professionals with advanced technology, practical learning environments, and sustainable growth opportunities. We aim to create a strong impact through quality, innovation, reliability, and excellence in every project we undertake.

EMPOWERING SKILLS THROUGH ADVANCED TECHNOLOGY

Partner Companies

We are proud to be associated with leading brands and trusted industry partners who support us in delivering quality products, advanced technology solutions, and reliable services to our clients. Our strong partnerships enable us to provide genuine products, technical expertise, and efficient after-sales support across various projects and institutional requirements.

Products Range

- Semiconductor Lab Equipment
- Smart Energy Lab Equipment
- Electrical & Electronics lab Equipment
- Smart Classroom
- Workshop Machines
- Welding Lab Equipment
- IOT (Smart Health Care) & IOT Agriculture
- Hand & Power Tools
- Solar Technician Lab Equipment
- Electrical Vehicle Lab Equipment
- Drone Lab Equipment
- Computer Peripherals
- Motor Mechanic Lab Equipment
- Cosmetology Equipment
- Technician Mechatronics Lab
- Raw Materials & Consumer Items for all Labs
- Automation Products
- Wiring Accessories
- Electrical Lab Equipment
- Safety & Protection Devices
- PLC & HMI Systems
- Electrical Switchgear & Protection Devices
- Industrial Control Panels
- Variable Frequency Drives (VFDs)
- Power Distribution Solutions
- Smart Energy Management Systems
- Motor Control & Protection Solutions
- Electrical Wiring Accessories
- Sensors & Industrial Components
- Building Automation Systems
- Safety & Circuit Protection Devices
- Industrial Monitoring & Control Systems
- 3D Printers & Scanners
